

YANIS SEYIFOU

yanis.seyifou@universite-paris-saclay.fr
github.com/yseyifou

Fundamental Physics student (Magistère) at Paris-Saclay University, currently on exchange at LMU Munich. Passionate about theoretical and mathematical physics.

EDUCATION	Ludwig-Maximilians-Universität (LMU)	Munich, Germany
	<i>Erasmus+ Program Physics Department</i>	2026 – Present
	Advanced curriculum in Theoretical Physics with a focus on Quantum Field Theory, Particle Physics, and General Relativity.	
	Paris-Saclay University	Orsay, France
	<i>Magistère in Fundamental Physics</i>	2025 – Present
	Advanced track in Fundamental Physics with electives focused on Theoretical Physics: mathematical physics and general relativity, path integrals, cosmology, and group theory.	
	Lycée Albert Schweitzer	Mulhouse, France
	<i>Classes Préparatoires aux Grandes Écoles (CPGE)</i>	2022 – 2025
	Intensive 3-year undergraduate program in Mathematics and Physics (PCSI / PSI*).	
	Lycée Amélie Zurcher	Wittelsheim, France
	<i>High School Diploma (Baccalauréat)</i>	2019 – 2022
	Highest Honors (Mention Très Bien), European Section. Specializations: Physics-Chemistry and Mathematics (Advanced Mathematics option).	
RESEARCH EXPERIENCE	Research Intern in Theoretical Physics IJCLab, Orsay, France	06.2026 – 07.2026
	- Evaluated two-loop “sunrise” Feynman integrals using the Mellin-Barnes representation within a Mathematica toolchain (AMBRE, MBConicHulls, MBResolve and SubTropica). - Developed MBCHProcess, an open-source Mathematica package automating the simplification of complex series into generalized hypergeometric functions (GitHub).	
ACADEMIC PROJECTS		
	T.I.P.E. (Research Project) 2024–2025: “Composing the Inaudible: When biological signals become music” Translated EEG signals into melodies using Pure Data. Designed and developed a basic EEG device. T.I.P.E. (Research Project) 2023–2024: “Study of Rotation in Breakdance: The headspin movement” Conducted video analysis using Latis Pro. Modeled the dynamic movement of the dancer.	
WORK EXPERIENCE	STEM Tutor Alveus, France	09.2024 – Present
	Tutoring high school and middle school students in Mathematics and Physics-Chemistry.	
	Private Tutor Mulhouse (now via videoconference)	07.2023 – Present
	Private lessons in Mathematics and Physics for high school students: personalized support and progress monitoring.	
ACADEMIC HONORS		
	Valedictorian (Major de promotion) in PSI*, Lycée Albert Schweitzer 2024–2025 Meritorious Student Award, Lycée Albert Schweitzer 2024	

SKILLS	Languages: French (Native), English (C1 – Cambridge), German (B2). Programming & Tools: Python; C; Mathematica (Wolfram Language); $\LaTeX$; Pure Data.
ARTS & ENGAGEMENT	Semi-professional Dance Company Art’Corps Créative 2016 – Present • Annual performances (theaters, festivals). • Competitions: <i>Amateur Night</i>, Apollo Theater (New York, podium finish, Oct. 2023); <i>Battle of the Year</i>, Zénith de Montpellier (National Finals, 2019 and 2022).
